Employers of Queensland

Conference 2022

Pivoting and Progressing

PARTNERSHIP PROSPECTUS

Wednesday 9 and Thursday 10 March 2022

Sofitel, 249 Turbot Street, Brisbane

Invitation

The Association of Self Insured Employers' of Queensland invite you to join us as a Partner for the 2022 ASIEQ Conference. The Conference will be a multidisciplinary event exploring the unique and ground breaking ways organisations have pivoted to not just survive, but progress in these strange times. We have seen ground breaking leaps which in normal times may have taken years to implement, being made in a matter of weeks. How have these changes affected the way in which workers' compensation is managed and what will we continue to improve in the future now that we are on this new path?

Change is a given in the workers' compensation field – schemes must be flexible to meet the needs of workers, especially when how and where we work creates a new landscape. How are employers coping with large portions of their workforce working from home and what are the implications of injuries made in the home where the work/home lines are now blurred? How do we ensure workers are getting the treatment they need when travel has become difficult and at times unreliable? How do we deal with employees that don't want to take holidays and are suffering from fatigue, creating a greater risk of injury? These are just some of the questions we'll be examining as we give those in the Self Insurance, Workers' Compensation and Safety/Wellbeing space an opportunity to connect, learn and laugh.

ASIEQ are expecting over 200 attendees to attend the 2022 Conference. By becoming a supporting partner, your organisation will be demonstrating your commitment to striving for sustainable outcomes for workers and employers in Queensland by supporting flexible insurance and injury management arrangements that integrate safety, health and wellbeing.

We hope you will join us for the ASIEQ 2022 Conference - Pivoting and Progressing.
